

# Funding

Estuary & Lower Columbia  
Salmon Recovery &  
Restoration

# Funding Challenge

- Sustained Commitment
- Large - Complex - Uncertainties
- Cooperation Among Partners
- Adequate Funding Resources

# Funding Outlook

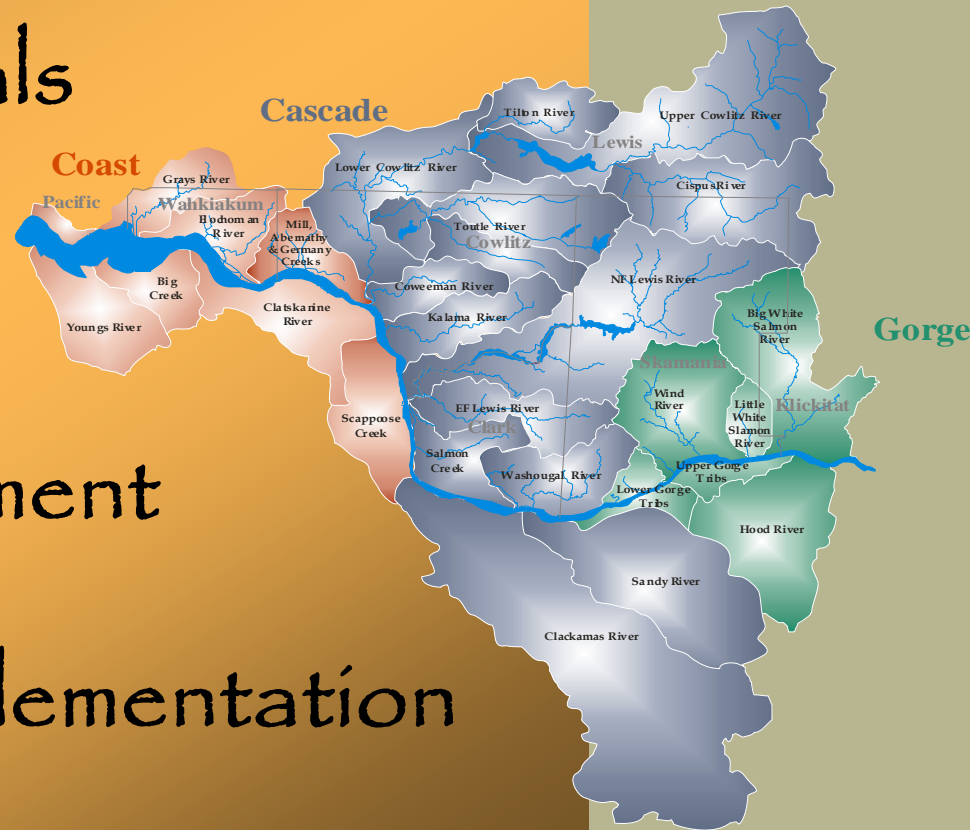

So Much to Do

So Little \$\$\$

So Few Funding Sources

# Keys to Success

- Clear Vision & Goals
- Detailed Blueprint
- Sustained Commitment
- Comprehensive Implementation

# Clear Vision & Sound Goals

- Understandable ~ Clearly articulate the vision
- Valuable ~ Demonstrate the importance
- Endorsable ~ Secure partners' support

# Blueprint for Action

- Provide a critical path
- Ensure a logical direction
- Define the actions

Duck Ck Rd Reconstruction  
Before/After

# Commitment & Cooperation

- Everyone counts!
- Work cooperatively
- Coordinate efforts
- Share the burden

# Comprehensive & Coordinated Implementation Process

- Implementation must be tied to the vision
- Actions are weighed & evaluated as a part of the whole
- Well defined roles & responsibilities
- Provide reasonable benchmarks
- Focus on highest priorities
- Track efforts
  - ~ Monitor outcomes
  - ~ Report progress

# How Do We Measure Up?

The Plans are sound & accepted

The process engaged all partners

Implementation in underway

Bridge after  
Nov 06 Storm

# How Do We Measure Up?

Gorley Springs Chum  
Channel Restoration

But....

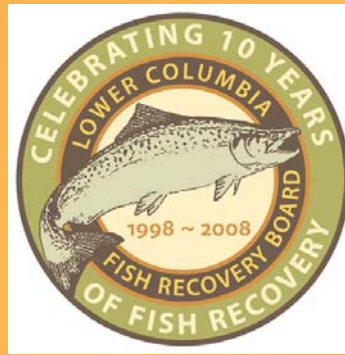

- Participation varies
- Still some disconnects
- Funding decisions need more coordination
- Monitoring plan needs to be expanded

# What Do We Need to Do?

- Cooperatively advance our goals
- Maintain credible programs
- Strategically use funds & resources
- Improve our ability to be competitive
- Demonstrate meaningful results

# Lower Columbia Fish Recovery Board

## Planning for People and Fish
